## 2024-2026 City Flower Bid

### **Bid Information**

The City of Hastings is soliciting bids for landscape and plant arrangements covering both north and south sides of State Street from Broadway to Boltwood. Plant material in hanging baskets and poly planters is required to be pre-grown at your facility and ready to be on site the week before Memorial Day. The permanent poly planters and hanging baskets need to be planted by the contractor the week before Memorial Day. Please be aware that minor changes to this delivery time frame in 2024 may be necessary as the City completes a comprehensive streetscape construction project that is scheduled for completion by June 28, 2024.

- All plants must be pre-grown and fertilized with a slow-release product before placed on display in the spring.
- Colors and plants need to be approved by the city before planted.
- All crosswalk sight lines need to be addressed when planning. Plants when fully grown must not block or filter the sight of traffic to pedestrians.
- After plants and planters are in place on our property, the City will take full control of watering. Pesticide applications and fertilization will be the responsibility of the contractor.
- Plants for poly pots must be proportionate in size to size of pot. The planters need to have the appearance of being fully grown immediately.
- Soil in planters needs to be a mix, straight soil in planters is not acceptable.
- Coco liners for all hanging baskets are the responsibility of the grower and need to be replaced yearly.
- The contractor will hang the baskets and connect to the irrigation system located in the street poles. Pesticide and fertilization of the baskets will be the responsibility of the contractor.

The contract will be awarded for a period of (3) years, but please bid prices for each year individually. The City will retain the option to renew the second and third year of the contract.

The City of Hastings recommends the contractor contact the Director of Public Services Monday through Friday, between 9:00 AM and 4:00 PM, to arrange a pre-bid walkthrough to the work sites. <u>The Bid due date is Tuesday, October 17, 2023 before</u> <u>2:00pm.</u>
