April 19, 2024

To the Honorable Members of the City Council of the City of Hastings,

I am pleased to present to you the recommended budget for Fiscal Year 2024-2025. As you know, the budget document reflects months of projections and planning in concert with the goals specified by the City Council for the upcoming fiscal year. The budget is a living document and is subject to amendments in compliance with the City Charter and State law.

The City was able to invest more heavily in infrastructure improvements this past year. The Downtown Development Authority was reauthorized in preparation for over \$3.5 million to revitalize the streetscape on State Street between Boltwood and Broadway. Progress is underway and the project should be complete this fiscal year. Reconstruction of Parking Lot 8 is set to commence in July. The LDFA funded the resurfacing of Enterprise Drive and road and grant funds supported the repaving of a portion of West State Road. In addition, lead service line replacements have been taking place with increasing frequency. Preventative treatments for streets have expanded to include crack sealing and sealcoating where there are available funds. The Hastings Public Library was able to replace its deficient windows. The Community Development Department secured another MSHDA grant to assist income qualified homeowners with critical improvements to keep their homes safe and functional. The Fire Department made important safety upgrades to the station and replaced two fire apparatus.

The new fiscal year will see additional investment in quality-of-life improvements such as parks. A group of passionate citizens have come together to commence planning the TangleTown reconstruction project which is expected to be built in Spring 2025. A new restroom structure has been designed for Fish Hatchery Park which will use General Fund and ARPA dollars to replace the existing building and improve its durability and functionality; building onto other park improvements including the parking lot resurfacing, lighting, and new play equipment which took place several years ago. For utilities, we plan to replace approximately 90 services annually until all lead lines have been replaced. Important capital improvements in the wastewater and water system are also planned. Planned, yet absent from the budget document due to lack of sufficient information at this time are the Green and Market Street sanitary sewer, water, and road improvements. Additionally, numerous replacements are planned for aged and defunct garage equipment. Internal staffing and responsibilities for tasks have shifted to include contracted accounting services and an additional DPS employee to better keep up with the department's expanded services.

Financial resources remain a challenge in certain funds. Planned increases to water and sewer rates will help sustain planned infrastructure projects and lead service line replacements. The inability to achieve funding through the State for either our water or wastewater plans last year has somewhat disrupted our planned improvements. The State is using only the SRF program to

fund water service line replacements. Legislators have discussed creating other programs, but nothing has come to fruition yet. At this time all lead service line replacements have been paid for by our water customers. Road funds continue to be scarce. A proposal for a road millage will likely be in our future as state funds continue to be inadequate and we cannot keep pace with the rate of pavement deterioration.

While the City will always face its challenges, we remain committed to delivering the services that our residents expect as efficiently and effectively as possible. We are fortunate to have talented and dedicated employees who work every day to make our community stronger. I would like to thank the department heads and board members who contributed to the budget development process. I am proud of the achievements that have been made so far and am greatly looking forward to more good things to come in this next fiscal year.

Very truly yours,

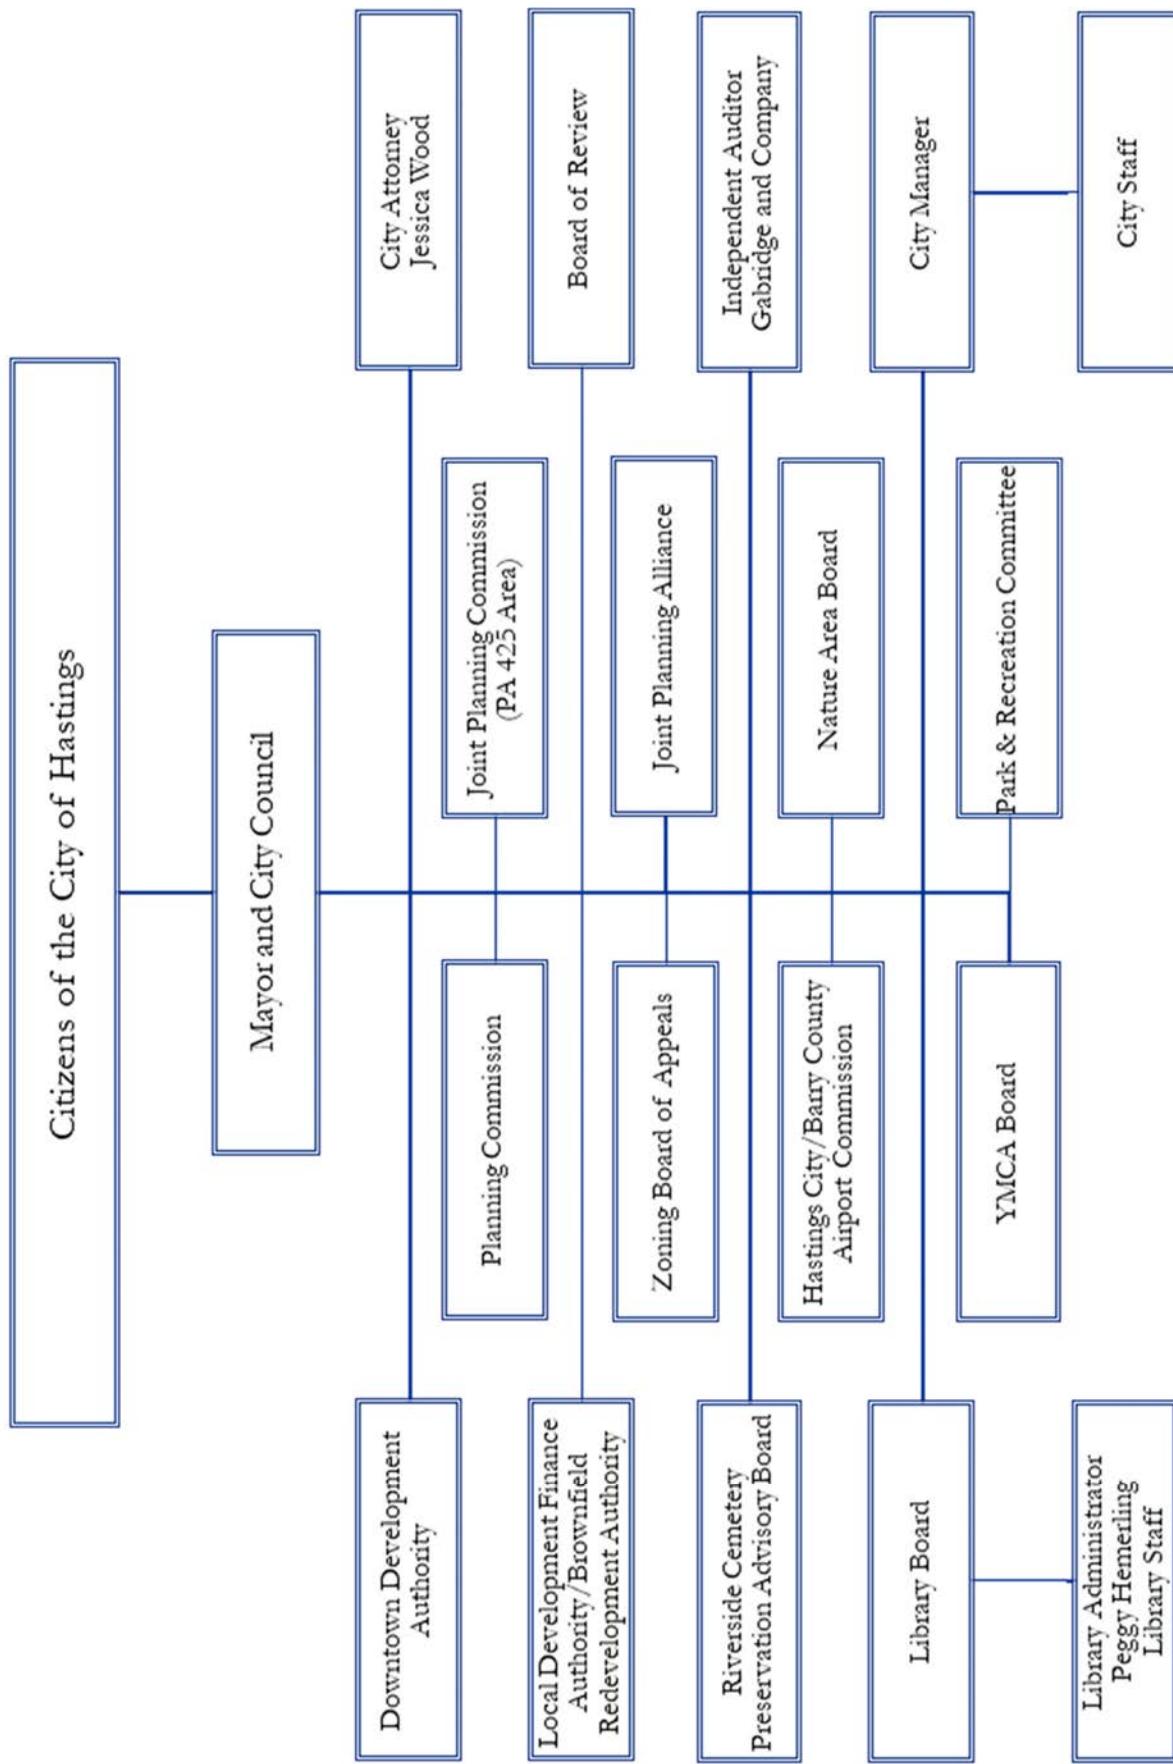

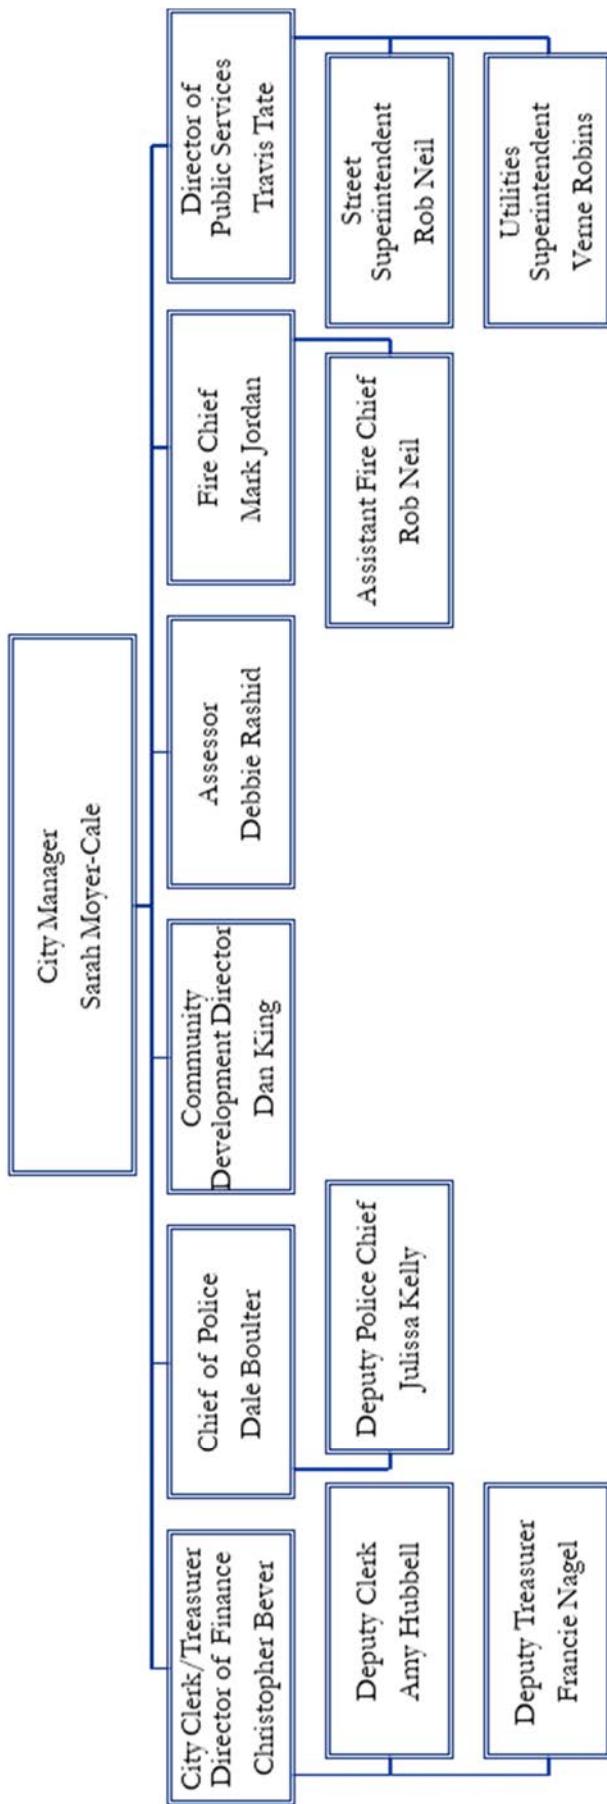

Sarah Moyer-Cale

General Budget Information

City Council Goals for Fiscal Year Ending 2025

Goal 1: Fire Station and Fire Equipment	
Steps toward implementing the goal	How goal is included in budget document (if relevant)
Continue to review potential funding methods for a new station	Funding is not included in the FY 25 budget as the priority for the Fire Department has now shifted to equipment replacement. The new station continues to be evaluated by staff for potential funding sources.
Work with BIRCH on a new agreement	BIRCH has indicated that they would like to keep the existing agreement with some adjustments. The city will continue to bill BIRCH for services.

Goal 2: Increase Park and Recreation Investment	
Steps toward implementing the goal	How goal is included in budget document (if relevant)
Continue to work on design and reconstruction of Tangle Town	Funds totaling \$650,800 are included in the FY 25 budget for this project, including \$250,000 in city funds and \$400,800 in private donations which will have to be raised.
Complete restroom reconstruction at Fish Hatchery Park	Funds totaling \$450,000 are included in the FY 25 budget for this project, including \$236,216 in ARPA funds and \$213,784 in city funds.
Pursue Public/Private Partnerships for park improvements	Staff will continue to work with private entities to supplement project funding for parks and recreation capital investments.

Goal 3: Improve Street Infrastructure	
Steps toward implementing the goal	How goal is included in budget document (if relevant)
Use asset management principles (i.e. "cut – once")	Asset management principles are routinely applied to projects anticipated to be completed by staff and are reflected in project and maintenance initiatives.
Complete Pavement Surface and Evaluation Rating (PASER) of major and local streets	PASER ratings will assist with the prioritization of future city projects.
Advance the use of preventive maintenance strategies	Funds are included in the FY 25 Roads Funds budget for chip sealing in the amount of \$150,000.

Goal 3: Improve Street Infrastructure	
Continue work on planning major street improvements (including Market St. E. Green St. and E. State Street)	Project design is underway. Funding is not included in the FY 25 budget. Staff will present a funding plan to City Council once the scope and estimated cost of the project are determined.

Goal 4: Improve Pedestrian Crossings	
Steps toward implementing the goal	How goal is included in budget document (if relevant)
Identify additional pedestrian crossing improvements	Funding in FY 24 was utilized to acquire a pedestrian island. Staff will monitor the use and effectiveness of the island before additional funds are considered in the budget.
Review Safe Routes to Schools evaluations from 2015	This is a staff initiative that currently does not require funding
Evaluate sidewalk conditions in high traffic areas and near public services	This is a staff initiative that currently does not require funding

Goal 5: Review City Charter for Potential Updates	
Steps toward implementing the goal	How goal is included in budget document (if relevant)
Create ad hoc committee to review Charter for potential amendments	This is a staff initiative that currently does not require funding

Goal 6: Citizen Education and Awareness	
Steps toward implementing the goal	How goal is included in budget document (if relevant)
Work with County and other local municipalities to create a "Citizen's Academy"	This is a staff initiative that currently does not require funding
Use social media and public engagement plan to promote awareness of City programs and activities	This is a staff initiative that currently does not require funding

Fund Descriptions

City services and operations are organized into funds, capturing revenues and expenditures associated with the functions of each fund. The city has twelve funds, with a description of each fund noted in the table below. Each fund maintains a separate fund balance.

Fund Number	Fund Name	Description	Page No.
101	General Fund	The General Fund is the primary operating fund of the City of Hastings	17
202	Major Streets	Supports maintenance and improvements on 14.81 miles of major streets in the city	34
203	Local Streets	Supports maintenance and improvements on 32.46 miles of local streets in the city	36
209	Riverside Cemetery	Supports management, maintenance, operations, and improvements at the city-owned Riverside Cemetery	37
243	Brownfields	Supports incentives for redevelopment of local brownfield properties	38
248	Downtown Development Authority	Supports promoting and improving the Downtown Development Authority (DDA) district in accordance with the Downtown Development Plan	39
250	Local Development Finance Authority	Promotes economic growth and job creation within the Local Development Finance Authority (LDFA) geographic area	40
265	Police Drug Enforcement	Recognizes revenue in the form of civil forfeitures of cash, personal property and real property confiscated under state drug statutes	41
266	Police Training	Supports police training with state designated grant funds and city matching funds	42
271	Library	Supports costs associated with management, operations, programming, and improvements at the Hastings Public Library	43
592	Water and Sewer	Responsible for operations, maintenance, repair and development of the drinking water system and the sanitary sewer/wastewater treatment system	44
661	Equipment Internal Services	Responsible for equipment maintenance and some equipment purchases through rental charges assessed to city departments and funds	46

Primary Activities for City Funds

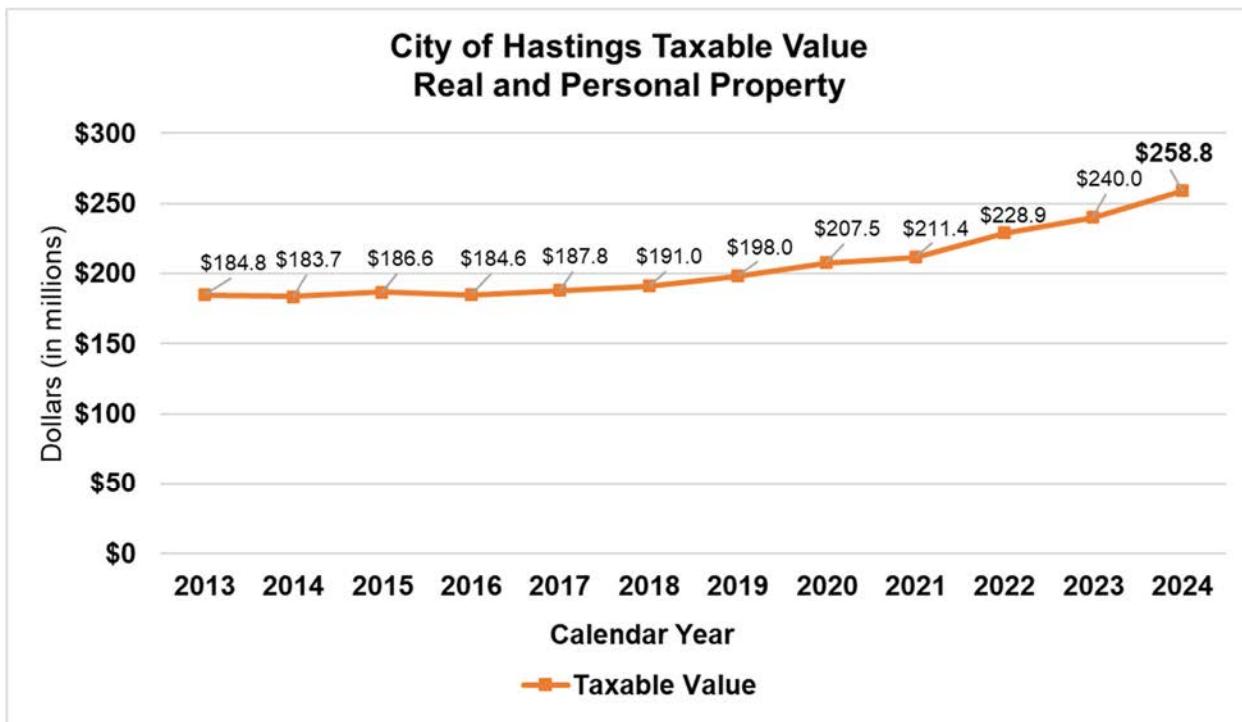

City expenditures are classified into one of four primary activities as noted in the chart below. The city follows the Michigan Uniform Chart of Accounts when classifying expenditures. Information on pages 20 and 21 provides additional detail on the costs of each of these activities in the General Fund for FY 2025.

<p>Personal Services</p> <p>Personal Services are any cost associated with personnel such as wages, payroll tax, health insurance, retirement benefit cost, disability, overtime pay, etc.</p> 	<p>Other Charges and Services</p> <p>Other charges and services are other items that support city services. This primarily includes items such as contracted services, printing and publication costs, utilities, and insurance.</p> 
<p>Supplies</p> <p>A supply is any item purchased to use for a city purpose. This includes office supplies, items used to fix equipment in-house, uniforms, subscriptions, gasoline, safety supplies, small tools, etc.</p> 	<p>Capital Outlay</p> <p>Capital Outlay is any purchase where the benefit extends beyond the fiscal year and adds to the City's assets. This includes vehicles, buildings, new playground equipment, etc.</p> 

Taxable Value and Millage Rates

The city levies two millages, one for operating and one for the Riverside Cemetery. A mill is \$1 per \$1,000 in taxable value. The city currently levies 15.7745 mills for General Fund Operating and 0.9848 mills for Riverside Cemetery; however, the mills for the cemetery are proposed to be reduced by 10% to 0.8863 mills.

The city's taxable value remained fairly constant until 2019. Since 2019, the city has seen more sizable increases in value. The increase in taxable value from 2023 to 2024 is \$18.8 million, with \$11.1 million attributable to the existing tax base and \$7.7 million in additions to the tax base.

General Fund

General Fund

The General Fund is the primary operating fund of the City of Hastings. General Fund Revenue comes primarily from property taxes, state and federal revenues, intergovernmental sources, and charges for services.

There are various “activity centers” within the General Fund that reflect the primary functions where city resources are allocated. These activity centers include General Government, Public Safety, Public Works, Community and Economic Development, and Recreation and Culture. The departments associated with each General Fund activity center are included in the table below.

Revenue Changes/Highlights

- Tax revenue is anticipated to increase approximately 5% over FY 2024.
- Federal and state sources decrease -36.5% due to the use of one-time ARPA funds and removing grant funds applied for but not received in FY 2024. Recurring state revenue is anticipated to increase 2.2% over FY 2024.
- Investment income and rentals increase 60.5% primarily due to the projected interest rates on the city's General Fund savings and investment accounts.
- All over revenue increases by \$420,375 primarily due to budgeting \$400,800 in private donations for the Tangle Town capital project.

General Fund General Government

The General Government activity center provides funding for elected and appointed city officials, city clerk functions, city financial operations including property assessments, city elections, information technology, and legal and audit contracted support. Maintenance, operations, and improvements of City Hall and grounds are also included in this activity center.

The activity center also provides funding for city functions that benefit all city operations. Examples of these expenditures include but are not limited to website maintenance, additional MERS contributions addressing unfunded liabilities, property liability insurance, and printing and publishing

Major Streets Fund (Fund 202)

The Major Streets Fund is one of two city funds that support Hastings' road right-of-way maintenance. All streets in the city are designated as either a major or local street under Public Act 51. The city has 14.81 miles of major streets. Revenue for this fund comes from the State of Michigan through a formula that factors in the city's population and miles of roadway. Expenses associated with this fund include snow removal, pothole patching, streets signs, traffic signals, street trees, resurfacing, and any other major road related project maintenance or improvement projects. Parking lot costs are *not* eligible to be paid for by this fund. Additionally, a portion of state revenue can be transferred out for local roads maintenance and improvement projects.

It is noted that the revenues received from the state are inadequate for proper fund maintenance. No meaningful streets improvements or large pavement maintenance programs are feasible without additional revenue. This could include supplements from the General Fund (not a long-term solution), dedicated street millage, or increased use of special assessments. City staff continues to seek grant funds, though those cannot be relied on as a long-term funding source.

Significant Changes/Budget Impacts:

- An increase in State Sources of revenue is due to the anticipated grant to support the E. State Street mill and resurfacing project.
- A transfer from the General Fund is budgeted to support the required city match for the E. State Street mill and resurfacing project.
- An additional full-time position is added to the budget to support the increase in routine maintenance services.
- The next application of chip sealing is budgeted at \$150,000.
- The E. State Street mill and resurfacing project is included in the budget at a cost of \$680,000.
- The continued draw down of fund balance will require additional conversation in future budget years to develop a sustainable funding source for city roads.

The Local Streets Fund is one of two city funds that support Hastings' road right-of-way maintenance. All streets in the city are designated as either a major or local street under Public Act 51. The city has 32.46 miles of local street. Revenue for this fund comes from the State of Michigan through a formula that factors in our population and miles of roadway. Transfers from the General Fund and the Major Streets Fund are often necessary to cover the costs of local streets maintenance as the state funds are inadequate for proper maintenance.

Expenses associated with this fund include snow removal, pothole patching, street signs, traffic signals, street trees, resurfacing, and any other road related maintenance or improvement costs. Parking lot costs are not eligible to be paid for by this fund.

Riverside Cemetery Fund (Fund 209)

The Cemetery Fund gets its revenue primarily from the cemetery millage. This fund supports management, maintenance, operation, and improvements at Riverside Cemetery. The maintenance of the cemetery's physical properties including sexton and landscaping is managed by contracted services.

The sale of burial rights, and cemetery records are maintained by the Finance Department. The Finance Director is also the Cemetery Administrator and coordinates the transfer of burial rights, the sale of memorial marker foundations, and internments. The Cemetery Administrator also provides support to the Riverside Cemetery Preservation Advisory Board.

Significant Changes/Budget Impacts:

- The millage rate for Riverside Cemetery is proposed to be reduced 10% from 0.9848 mills to 0.8863 mills. This is consistent with the overall goal to eliminate the millage rate and allow the cemetery to be a self-sustaining fund.
- Funding for the cemetery memorial project is budgeted at \$125,000.

Brownfields Fund (Fund 243)

The Brownfield Redevelopment Authority Fund supports incentives for redevelopment of local brownfield properties. A “brownfield” is a previously developed site that has environmental concerns or is functionally obsolete. The State allows a Tax Increment Financing tool to pay for the costs a developer needs to mitigate environmental hazards on the site. This helps the city incentivize the redevelopment of the built environment and reduces sprawl.

The City of Hastings Brownfield Redevelopment Authority (BRA) reviews proposals for the redevelopment of eligible property and determines what financial incentives are necessary to assist the redevelopment. The Authority prepares a plan that identifies the Brownfield projects as well as project descriptions, eligible activities, and other issues related to the subject parcel. The authority recommends the plan to the City Council who holds a public hearing prior to the plan's adoption or denial. The BRA may recommend revisions to the plan as new projects are submitted or revisions are requested on existing plans.

Significant Changes/Budget Impacts:

- Changes to the budget include the addition of a second property in the city added to the Brownfields Redevelopment Fund.

Downtown Development Authority Fund (Fund 248)

The Downtown Development Authority (DDA) was created in 1986 and has been amended five times thereafter. The DDA's revenues come from capturing increases in taxes within the DDA district above the base valuation.

The DDA board has nine members inclusive of the Mayor of Hastings. The DDA board, with the budget approved by the City Council, uses the funds to promote and improve the DDA district in accordance with the Downtown Development Plan.

Significant Changes/Budget Impacts:

- It is anticipated that the Streetscape project will be completed in the current fiscal year, thus the significant increase in revenues and expenditures.
- The first full year of debt service on the Streetscape Bonds is budgeted at \$197,400.
- A drawdown in fund balance was planned to provide additional funding to complete the Streetscape project.
- A transfer of \$235,000 to the General Fund is budgeted for the Parking Lot #8 project.

Local Development Finance Authority (Fund 250)

The Local Development Finance Authority was created in 1993 and was amended two times. The purpose of the LDFA is to promote economic growth and job creation within the LDFA geographic area. This can include extending water and sewer service, road construction, and servicing manufacturing, processing, and high-tech operations. The Authority is funded through Tax Increment Capture. The LDFA oversees and recommends city projects to develop city property included in the City's industrial park on Star School Road.

Significant Changes/Budget Impacts:

- Enterprise Drive paving was completed in FY 2024 thus the significant decrease in expenditures in FY 2025

Drug Enforcement Fund (Fund 265)

The Drug Enforcement Revenue Fund recognizes revenue in the form of civil forfeitures of cash, personal property, and real property confiscated under State drug statutes. Revenue gained under drug forfeiture statutes may only be expended for uses associated with law enforcement on a non-supplanting basis.

Police Training Fund (Fund 266)

This fund supports police training with state designated grant funds and local matching funds. Five dollars from each issued civil infraction citation is assessed by the court and collected by the state. These funds are then dispersed to local police departments according to the number of certified police officers being employed. Funds dispersed under this act can only be used for training of certified police officers.

Significant Changes/Budget Impacts:

- Capital projects associated with the window replacement, HVAC, and painting projects will be completed in FY 2024.
- A small roof repair project is budgeted at \$11,000.
- No other major changes in the Library's FY 2025 budget.

Water and Sewer Enterprise Fund (Fund 592)

The Water and Sewer Enterprise Fund is responsible for all costs associated with operation, maintenance, repair, and development of the drinking water system and the sanitary sewer/wastewater treatment system. The wastewater collection and treatment systems and the water treatment and distribution systems are regulated by the Michigan Department of Environment, Great Lakes, and Energy (EGLE). Revenue for this fund is generated by water and wastewater rates charged to customers as well as special fees such as connection fees, tap fees, system improvement fees, and special assessments. These systems are importantly not funded with tax dollars.

*Based on FY 2024 revenue and expenditure projections as noted on page 33.

Significant Changes/Budget Impacts:

- Water and sewer revenues are adjusted based on year two of the planned five-year increase in rates approved by City Council in spring 2023.
- Supply costs increase based on inflation on items such as chemicals, and increased repair and maintenance costs for facilities and equipment.
- Costs decrease in the Maintenance Meters operational department due to continue to replace old meters with radio read meters.
- The increase in other charges and services is due to the planned increase in lead line replacements.
- Capital outlay / CIP projects are detailed after the water and sewer operations section.

Equipment Internal Service Fund (Fund 661)

The Equipment Fund generates revenue for equipment purchases and maintenance through rental charges assessed to the various departments for use of equipment "owned" by this fund. The City follows the MDOT established rental rates. The equipment fund maintains capital reserves for the purchase and replacement of city equipment. The Fund provides storage and maintenance facilities and tools for repair and maintenance of equipment within the fund.
